INTERNATIONAL AND NATIONAL ORGANIZATIONS CONCERNED WITH
QUESTIONS OF INTERNATIONAL LAW

Tentative list prepared by the Secretary-General for the purpose of
distribution of the documents of the Commission

NOTE

Article 26 of the Statute of the Commission reads as follows:

"1. The Commission may consult with any international or
national organizations, official or non-official, on
any subject entrusted to it if it believes that such a
procedure might aid in the performance of its functions.

2. For the purpose of distribution of documents of the
Commission, the Secretary-General, after consultation
with the Commission, shall draw up a list of national
and international organizations concerned with questions
of international law. The Secretary-General shall
endeavour to include on this list at least one national
organization of each Member of the United Nations.

3. In the application of the provisions of this article,
the Commission and the Secretary-General shall comply
with the resolutions of the General Assembly and the
other principal organs of the United Nations concerning
relations with Franco Spain and shall exclude both from
consultations and from the list, organizations which have
collaborated with the nazis and fascists.

4. The advisability of consultation by the Commission with
inter-governmental organizations whose task is the
codification of international law, such as those of the
Pen American Union, is recognized."

In order to make possible the preparation of the list provided for in
paragraph 2 above, the Secretary-General, by circular letter dated
1948, requested the Governments of the Member States and of
Switzerland
Pursuant to paragraph 2 above, the Secretary-General has now the
honour to submit to the International Law Commission for its consideration
a list annexed hereto.

Part A of the list contains names of national and international
organizations primarily concerned with international law. It is based on
the information supplied by Member States and Switzerland in reply to the
above-mentioned inquiry, as well as on a list submitted by the Secretary-
General in 1947 to the Committee on the Progressive Development of
International Law and its Codification. In the compilation, care
was taken, to the extent that the information in the hands of the
Secretary-General permitted, to observe the provisions of paragraph 3 above.

Part B of the list contains names of other organizations proposed by
Governments. The Commission may desire that certain categories of these
organizations receive also the documents of the Commission.

---

1/ The Governments of Burma, Pakistan, and Yemen were subsequently requested
by letters, dated 27 May 1948, sent by the Government of Palestine, by letter
dated 25 May 1949.
