TURKEY: Amendment to article 8 of the draft
convention on the reduction of future statelessness

Article 8

Replace paragraph 1 of article 8 by the following text:

1. The nationals of a Contracting Party who are resident in the country shall not lose or be deprived of their nationality if such loss or deprivation renders them stateless.
2. The national law of a Contracting Party may provide that a person shall be deprived of his nationality if he voluntarily enters or continues in the service of a foreign country in disregard of an express prohibition or if, being abroad, he is liable for military service and fails without good cause to report when officially called up.
3. A nationality acquired by naturalization may be withdrawn:
 - (i) if the nationality was obtained by false representation;
 - (ii) if the person naturalized commits an act detrimental to the security of the State which granted the naturalization;
 - (iii) if residence in the country of origin exceeds the period of residence specified by the law of the Party which granted the naturalization.
