Mr. Llewellyn Secretary to the Commission

*The meeting was called to order at 3.05 p.m.*

**Draft report of the Commission on the work of its seventieth session** (*continued*)

*Chapter VIII. Peremptory norms of general international law (jus cogens)*  
(*continued*) (A/CN.4/L.921)

**The Chair** invited the Commission to resume its consideration of chapter VIII of the report.

*Paragraph 41 (continued)*

**The Chair**, recalling that, at the previous meeting, Mr. Jalloh had indicated that he wished to propose various amendments to the paragraph, said that his proposal had since been circulated informally in writing. As amended by Mr. Jalloh, the paragraph would read:

“Several members concurred with the position taken in draft conclusion 17 that binding obligations derived from resolutions of international organizations, including Security Council resolutions, should be invalid if they run counter to *jus cogens* norms. The view was expressed that the draft conclusions should address all resolutions of international organizations, including General Assembly resolutions concerning the maintenance of peace and security adopted in cases where the Security Council was unable to take a decision. It was also noted that other acts of international organizations, such as the regulations, directives and decisions taken by the European Union or acts by an intergovernmental conference, may also create legal obligations and should be addressed in the draft conclusions. Notwithstanding the remoteness of the possibility of a direct conflict between a Security Council resolution and a *jus cogens* norm, some members still considered it important to specify Security Council resolutions. They felt this to be necessary, given the unique status of such resolutions and their legal consequences for States in diverse fields of international law under Chapter VII of the Charter of the United Nations and the application of Article 103 of the Charter of the United Nations.”

He took it that the Commission wished to adopt the paragraph as amended by Mr. Jalloh.

*It was so decided.*

*Paragraph 41, as amended, was adopted.*

*Paragraph 42*

**Mr. Nolte** proposed that, in order to strengthen the language used in the first sentence, the words “doubted the appropriateness of the specific reference to the resolutions of the Security Council” should be replaced with “did not consider that a specific reference to the resolutions of the Security Council would be appropriate”.

**Mr. Cissé** proposed that the word “provision” in the last sentence should be replaced with “draft conclusion”.

**Sir Michael Wood** said that he agreed with Mr. Cissé’s proposal. While he could live with Mr. Nolte’s proposal, he would have preferred to go even further by making explicit that other Commission members had opposed the specific reference to the resolutions of the Security Council. He proposed that, in the second sentence, the words “A concern” should be replaced with “Concern”.

**Mr. Jalloh** said that, while he believed that the current text was fairly good, he was uncomfortable with some of the expressions that had been used, such as the words “potential negative impact” in the second sentence. He suggested that the word “negative” could be deleted from that particular expression.

**The Chair** said that it should be borne in mind that the paragraph under consideration was not part of the commentaries and did not reflect the Commission’s considered position on the meaning of a particular draft conclusion. For that reason, the Commission could be a little more relaxed about the language used.

**Sir Michael Wood** said that he could remember references having been made in the debate to the “negative impact” of the specific reference to the resolutions of the Security Council. He could have taken issue with many of the phrases used in the previous paragraph, but he had not done so, as, unlike paragraph 42, it was not an assertion of his own position.

*Paragraph 42, as amended, was adopted.*

*Paragraph 43*

*Paragraph 43 was adopted.*

(ix) *Draft conclusion 18*

*Paragraph 44*

**Mr. Ouazzani Chahdi** said that, in the first sentence of the French text, the word “*de*” should be inserted after the words “*ne découlaient pas*”.

*Paragraph 44 was adopted, with that correction to the French text.*

**The Chair** said that it would be helpful if proposals for corrections to the French text that had no bearing on the English text could be submitted directly to the Secretariat.

(x) *Draft conclusion 19*

*Paragraph 45*

*Paragraph 45 was adopted.*

(xi) *Draft conclusion 20*

*Paragraphs 46 to 48*

*Paragraphs 46 to 48 were adopted.*

(xii) *Draft conclusion 21*

*Paragraph 49*

*Paragraph 49 was adopted.*

*Paragraph 50*

**Mr. Zagaynov** said that, although he was grateful for the incorporation of his earlier proposal, the paragraph did not fully capture his intention. In order to ensure that it did, he proposed that the words “should not negatively affect acts related to the civilian population, such as the registration of births, deaths and marriages” should be replaced with “should not disadvantage the affected population and that relevant acts, such as the registration of births, deaths and marriages, ought to be recognized”.

*Paragraph 50, as amended, was adopted.*

(xiii) *Draft conclusion 22*

*Paragraph 51*

**Mr. Nolte** said that the questions addressed in the paragraphs included under the heading “*Draft conclusion 22*” were relevant to paragraphs 22 and 23. For that reason, he proposed that the text of the current heading “*Draft conclusion 22*” should be replaced with “*Draft conclusions 22 and 23*” and that the later heading “*Draft conclusion 23*” should be deleted.

**The Chair** said he took it that the Commission wished to amend the heading “*Draft conclusion 22*” as proposed and to delete the heading “*Draft conclusion 23*”.

*It was so decided.*

*Paragraphs 51 to 56*

*Paragraphs 51 to 56 were adopted.*

*Paragraph 57*

**Mr. Nolte** proposed that, for the sake of clarity, in the last sentence the words “for the Commission” should be inserted after “make it more difficult”.

*Paragraph 57, as amended, was adopted.*

*Paragraph 58*

*Paragraph 58 was adopted.*

(xv) *Future work*

*Paragraph 59*

**Mr. Nolte** proposed that the words “and without giving States the opportunity to comment on a considered position of the Commission” should be inserted, after a comma, at the end of the first sentence so as to make explicit the reason for the regret expressed by some Commission members.

*Paragraph 59, as amended, was adopted.*

*Paragraphs 60 to 62*

*Paragraphs 60 to 62 were adopted.*

3. *Concluding remarks of the Special Rapporteur*

*Paragraph 63*

*Paragraph 63 was adopted.*

*Paragraph 64*

**Mr. Nolte** proposed that, in the fourth sentence, the words “general rule on interpretation” should be replaced with “general rule regarding interpretation” so as to avoid giving the impression of an allusion to the 1969 Vienna Convention on the Law of Treaties.

*Paragraph 64, as amended, was adopted.*

*Paragraph 65 to 68*

*Paragraphs 65 to 68 were adopted.*

*Paragraph 69*

**Mr. Huang** said that the Special Rapporteur’s summary of the debate was to be commended for its clarity, detail and vigour. However, the last sentence, in particular, was not an appropriate conclusion to the paragraph. The key issue at stake was not the seriousness of a breach of *jus cogens*, but the extent to which the Commission’s work on the topic should remain consistent with its articles on responsibility of States for internationally wrongful acts. He proposed that either the second half of the sentence, beginning with the words “by noting”, should be deleted or the word “absurd” should be replaced with a more neutral one.

**Mr. Tladi** (Special Rapporteur) said that, although he had not used the word “absurd” in his summing-up of the debate, it had been included in the chapter under consideration to reflect the broader argument that he had made. The word was not intended as an insult. Indeed, he recalled that it was used in article 32 of the 1969 Vienna

Convention. In order to address Mr. Huang's concern, he proposed replacing the words "it would be absurd to suggest that it was lawful" with "it might create the impression that the Commission deemed it lawful".

**Mr. Nolte** said that he had assumed that the word "absurd" was a quotation from the Special Rapporteur. If it was not, he proposed that it should be replaced with "wrong".

*Paragraph 69, as amended by Mr. Nolte, was adopted.*

*Paragraph 70*

*Paragraph 70 was adopted.*

*Paragraph 71*

**Mr. Tladi** (Special Rapporteur) proposed that the first sentence should be replaced with two sentences that read:

"The Special Rapporteur conceded that draft conclusions 22 and 23 were different from other draft conclusions in that they concerned primary rules while the rest of the draft conclusions addressed methodological issues. He stated that this might provide a cogent reason for not including these draft conclusions."

*Paragraph 71, as amended, was adopted.*

*Paragraphs 72 and 73*

*Paragraphs 72 and 73 were adopted.*

**The Chair** invited the Commission to return to paragraph 2 of the same document, which had been left in abeyance at the previous meeting.

*A. Introduction (continued)*

*Paragraph 2 (continued)*

**Mr. Tladi** (Special Rapporteur) proposed that, on the basis of paragraph 57 of chapter VI of the Commission's 2015 report, two sentences should be added to paragraph 2 to read:

"Following the debates on those reports, the Commission decided to refer the draft conclusions contained in those reports to the Drafting Committee. The Commission heard interim reports from the Chairs of the Drafting Committee on peremptory norms of general international law (*jus cogens*) containing the draft conclusions provisionally adopted by the Drafting Committee at its sixty-eighth and the sixty-ninth sessions, respectively."

*Paragraph 2, as amended, was adopted.*

*Chapter VIII of the draft report, as a whole, as amended, was adopted.*

*Chapter IX. Protection of the environment in relation to armed conflicts*  
([A/CN.4/L.922](#) and [A/CN.4/L.922/Add.1](#))

**The Chair** invited the Commission to consider chapter IX of the report, beginning with the portion of the chapter contained in document [A/CN.4/L.922](#).

**The Chair** invited the Commission to consider the portion of chapter IX contained in document [A/CN.4/L.922/Add.1](#).

- C. *Text of the draft principles on protection of the environment in relation to armed conflicts provisionally adopted so far by the Commission*
2. *Text of the draft principles and commentaries thereto provisionally adopted by the Commission at its seventieth session*

*Commentary to draft principle 4 (Measures to enhance the protection of the environment)*

*Paragraph (1)*

**Ms. Lehto** (Special Rapporteur) proposed the deletion of the words “to this end” in the second sentence, as they did not seem to serve any purpose.

**Sir Michael Wood** said that, in order to track the draft principle exactly, the first sentence should be revised slightly so that it would read: “Draft principle 4 recognizes that States are required to take effective measures to enhance the protection of the environment in relation to armed conflict.”

*Paragraph (1), as amended, was adopted.*

*Paragraphs (2) to (5)*

*Paragraphs (2) to (5) were adopted.*

*Paragraph (6)*

**Mr. Rajput** said that, although footnote 6 referred to paragraphs 164 to 173 of the 2016 commentary of the International Committee of the Red Cross (ICRC) on article 1 of the First Geneva Convention, the Committee indicated, in paragraph 120 of the commentary, that there was more than one possible interpretation of common article 1. That interpretation was also a matter of academic debate. Consequently, it might be improper for the Commission to take a certain position in paragraph (6).

**Sir Michael Wood** proposed that the first sentence should be redrafted to read: “Common article 1 requires that States, when they are in a position to do so, exert their influence to ensure respect for the Geneva Conventions.” That would follow closely the wording of common article 1. He also proposed the deletion, in footnote 6, of the paragraph references, so that the footnote would refer to the whole of the ICRC commentary of 2016 on common article 1, which suggested a range of possible interpretations.

**Ms. Lehto** (Special Rapporteur), responding to Mr. Rajput, said that the most appropriate parts of the ICRC commentary of 2016 to reference would be paragraphs 155 and 156, where ICRC made clear that some States, in particular at the time of the adoption of the Conventions, interpreted common article 1 as referring only to ensuring respect for the Conventions within their own territory. The other interpretation advanced by ICRC was broader and included an external aspect, for instance, seeking to exert influence over the parties to an armed conflict to stop violations of international humanitarian law. That broader interpretation had found support in several judgments of the International Court of Justice and had also been endorsed by the Security Council of the United Nations and by the International Conference of the Red Cross and Red Crescent. She proposed that some references in line with her comments could be added to the footnote.

In response to Sir Michael Wood’s comment, she said it was an ICRC view that common article 1 applied to all international humanitarian law obligations of States. It had been expressed in the ICRC study on customary international humanitarian law and that could also be made clear in the footnote. Other than the additions to the footnote, she would prefer to keep the text as it currently stood.

**Sir Michael Wood**, supported by **Mr. Rajput**, said that the first sentence was not the place for the Commission to take a position on the effect of common article 1 without having studied it carefully. The reformulation of that sentence to more closely follow the wording of common article 1 and the footnote reference to the 2016 ICRC commentary, indicating that there were different views about the modern interpretation of common article 1, would be sufficient in the current context.

**Mr. Jalloh** said that, to avoid opening up a major debate that the Commission might not have time to conclude at the current juncture, it would be best to accept the Special Rapporteur's proposal and to leave the first sentence as it currently stood.

**Sir Michael Wood** said that the problem was that the 2016 ICRC commentary was very controversial, precisely on the point in question, and he was not comfortable taking a position one way or the other.

**Mr. Saboia** said that he wished to express support for the Special Rapporteur's position.

**Ms. Lehto** (Special Rapporteur) said that it would be a pity to lose the reference to States' exerting their influence when they were in a position to do so; little value would be added if the Commission were to refer only to the exact language of common article 1. Since Sir Michael Wood's main objection appeared to be in relation to the reference to "international humanitarian law" as a whole, she would be prepared to replace it with the words "the Geneva Conventions". She further proposed the addition of text to the footnote indicating that there was also a broader interpretation that was advanced by ICRC.

**Mr. Vázquez-Bermúdez** said that he supported the compromise solution suggested by the Special Rapporteur.

**The Chair** invited the Secretary to read out the first sentence with the agreed amendments, including those to footnote 6.

**Mr. Llewellyn** (Secretary to the Commission) said that the first sentence would read: "Common article 1 is also interpreted to require that States, when they are in a position to do so, exert their influence to prevent and stop violations of the Geneva Conventions by parties to an armed conflict." The footnote would have the following sentence added to it: "The ICRC customary international law study provides a broader interpretation."

**Ms. Lehto** (Special Rapporteur) said that the Commission should perhaps also indicate that the study interpreted that obligation to apply to all humanitarian law obligations of a State, and that that was a view that was endorsed by ICRC. She would be happy to delete all references to specific paragraphs from footnote 6, as Sir Michael Wood had proposed.

*Paragraph (6), as amended and with an amendment to footnote 6, was adopted.*

*Paragraphs (7) and (8)*

*Paragraphs (7) and (8) were adopted*

*Paragraph (9)*

**Mr. Park** said that that he wondered why there was no mention of nuclear weapons in the final sentence, where the reference to biological and chemical weapons appeared. He proposed that a reference should be made in that sentence to the Treaty on the Prohibition of Nuclear Weapons, which had been adopted in 2017. A footnote indicating that the treaty had not yet entered into force could also be added to the paragraph.

**Sir Michael Wood** said that Mr. Park's proposal was very controversial and he did not find it acceptable.

**Mr. Zagaynov** said that he totally agreed with Sir Michael Wood.

**Mr. Rajput** said that both previous speakers had made the same point that he had wished to make when he had asked for the floor.

**Mr. Park** said that the preamble of the Treaty on the Prohibition of Nuclear Weapons clearly referred to articles 35 and 55 of Additional Protocol I, which were directly linked to the topic under consideration.

**Sir Michael Wood** said that he thought that reservations or statements had been made in connection with those provisions that would be relevant.

**Mr. Jalloh** said that, in the context of the language of paragraph (9), the proposal made by Mr. Park seemed rather innocuous. He therefore wanted to express support in principle for Mr. Park's position. However, if members were not comfortable with the proposal to include a reference to nuclear weapons, the Commission could move on, in view of the practicalities of the situation.

**Mr. Vázquez-Bermúdez** said that he would support Mr. Park's proposal, but he saw that it was controversial and not acceptable to some colleagues. In any event, the words "such as" in the final sentence left room for the interpretation that other conventions were included.

**Mr. Petrič** said that he agreed with Mr. Vázquez-Bermúdez's comments regarding the words "such as". He proposed retaining the paragraph as currently worded.

**Mr. Saboia** said that, as a matter of principle, he agreed with the proposal made by Mr. Park.

**The Chair** said that there appeared to be a feeling that the Commission should not pursue Mr. Park's suggestion.

*Paragraph (9) was adopted.*

*Paragraph (10)*

**Ms. Lehto** (Special Rapporteur) proposed the replacement of the word "those" with the word "persons".

*Paragraph (10), as amended, was adopted.*

*Paragraph (11)*

**Mr. Rajput** said that he was unsure about the utility of the paragraph in the context of environmental protection. If there were some kind of connection, direct or otherwise, he would have hoped to see at least a reference to relevant treaty provisions. In his view, the paragraph could be deleted since the purpose of the commentary was not to list all international humanitarian law obligations.

**Ms. Lehto** (Special Rapporteur) said that there was a connection to the topic as a whole. The reference to explosive remnants of war was linked to draft principle 16.

**Sir Michael Wood** said that, since footnote 14 did not refer to explosive remnants of war, he proposed the deletion of the words "and explosive remnants of war" from paragraph (11), leaving the discussion on that subject to draft principle 16.

**Ms. Lehto** (Special Rapporteur) said that she agreed that landmines were different from explosive remnants of war. Although it could be argued that the latter were relevant to draft principle 4, she did not insist on keeping that reference.

*Paragraph (11), as amended, was adopted.*

*Paragraph (12)*

*Paragraph (12) was adopted.*

*Paragraph (13)*

**Ms. Lehto** (Special Rapporteur) said that footnote 17 should be amended to include Switzerland in the list of States to which it referred.

*Paragraph (13), with an amendment to footnote 17, was adopted.*

*Paragraph (14)*

*Paragraph (14) was adopted.*

*The commentary to draft principle 4 as a whole, as amended, was adopted.*

*Commentary to draft principle 6 (Protection of the environment of indigenous peoples)**Paragraph (1)*

*Paragraph (1) was adopted.*

*Paragraph (2)*

**Sir Michael Wood** proposed that, in the last sentence of footnote 26, the words “of the application of” should be inserted before the words “rights of indigenous peoples”.

*Paragraph (2), with an amendment to footnote 26, was adopted.*

*Paragraphs (3) and (4)*

*Paragraphs (3) and (4) were adopted.*

*Paragraph (5)*

*Paragraph (5) was adopted.*

*Paragraph (6)*

**Mr. Petrič** said that he would welcome an explanation from the Special Rapporteur of how military activities could be justified by a “relevant public interest”.

**Mr. Park** said that the phrase in question had been taken from the United Nations Declaration on the Rights of Indigenous Peoples. The quotation from article 30, paragraph 1, of the Declaration was, however, incomplete. The end of the first sentence should therefore be supplemented with the phrase “and other relevant reasons”, followed by a reference to a footnote 30, with the result that the current footnote 30 would become footnote 31 worded “*ibid.*”.

**Mr. Rajput** said that paragraph (6) correctly reflected the action that should be taken and was in keeping with article 30, paragraph 1, of the above-mentioned Declaration. Any doubts about the disputed phrase might be dispelled by placing it in quotation marks to highlight the fact that it was drawn from the Declaration.

**Sir Michael Wood**, supported by **Mr. Saboia**, **Ms. Oral** and **Mr. Jalloh**, proposed that, in the first sentence, the phrase “or otherwise freely agreed with, or requested by, the indigenous people concerned” should be inserted after “relevant public interest”.

*Paragraph (6) was adopted, as amended by Sir Michael Wood and with the addition of the footnote proposed by Mr. Park.*

*Paragraphs (7) to (9)*

*Paragraphs (7) to (9) were adopted.*

*The commentary to draft principle 6 as a whole, as amended, was adopted.*

*Commentary to draft principle 7 (Agreements concerning the presence of military forces in relation to armed conflict)**Paragraph (1)*

*Paragraph (1) was adopted.*

*Paragraph (2)*

**Mr. Park** proposed the insertion of the acronym SOFA in brackets at the end of the second sentence.

**Mr. Murase** said that the final sentence of paragraph (1) contradicted paragraphs (2) to (4), because a status of forces agreement had nothing to do with an armed conflict.

**Sir Michael Wood** said that, if Mr. Park's suggestion to add the acronym were accepted, it might be more accurate to refer to SOFAs and SOMAs. Mr. Murase was right to a degree but, on the other hand, some status of forces agreements could be directly related to an armed conflict, as had been the case in Iraq. Some of the agreements referred to in the footnotes might require review on second reading.

**Ms. Lehto** (Special Rapporteur) said that the Drafting Committee had considered that the draft principle could cover both SOFAs and SOMAs. She had already checked the footnotes and had ascertained that all the agreements mentioned were appropriate.

*Paragraph (2) was adopted with minor editorial additions.*

*Paragraph (3)*

*Paragraph (3) was adopted.*

*Paragraph (4)*

**Mr. Park** said that he wondered whether the memorandum of special understanding between the United States and the Republic of Korea could really be termed an agreement with a less clear relation to armed conflict.

**Mr. Rajput**, supported by **Sir Michael Wood**, said that Mr. Park's concern might be addressed by inserting the words "including those" in the first sentence after the reference to the presence of military forces.

**Ms. Lehto** (Special Rapporteur) said that she could agree to that proposal. All the examples mentioned were relevant, because they concerned the presence of military forces and good practice in relation to environmental protection.

*Paragraph (4), as amended, was adopted.*

*Paragraphs (5) to (7)*

*Paragraphs (5) to (7) were adopted.*

*The commentary to draft principle 7 as a whole, as amended, was adopted.*

*Commentary to draft principle 8 (Peace operations)*

*Paragraphs (1) to (5)*

*Paragraphs (1) to (5) were adopted.*

*Paragraph 6*

*Paragraph (6) was adopted with a minor editorial amendment.*

*Paragraphs (7) to (9)*

*Paragraphs (7) to (9) were adopted.*

*The commentary to draft principle 8 as a whole, as amended, was adopted.*

*Commentary to draft principle 14 (Peace process)*

*Paragraphs (1) to (9)*

*Paragraphs (1) to (9) were adopted.*

*The commentary to draft principle 14, as a whole, was adopted.*

*Commentary to draft principle 15 (Post-armed conflict environmental assessments and remedial measures)*

*Paragraphs (1) to (6)*

*Paragraphs (1) to (6) were adopted.*

*The commentary to draft principle 15, as a whole, was adopted.*

*Commentary to draft principle 16 (Remnants of war)*

*Paragraph (1)*

**Ms. Lehto** (Special Rapporteur) proposed the insertion of the word “causing” in the second sentence so that it would read “... hazardous remnants of war that are causing or that may cause damage to the environment ...”.

*Paragraph (1), as amended, was adopted.*

*Paragraphs (2) to (9)*

*Paragraphs (2) to (9) were adopted.*

*The commentary to draft principle 16 as a whole, as amended, was adopted.*

*Commentary to draft principle 17 (Remnants of war at sea)*

*Paragraphs (1) to (7)*

*Paragraphs (1) to (7) were adopted.*

*The commentary to draft principle 17, as a whole, was adopted.*

*Commentary to draft principle 18 (Sharing and granting access to information)*

*Paragraphs (1) and (2)*

*Paragraphs (1) and (2) were adopted.*

*Paragraph (3)*

**Sir Michael Wood** said that paragraphs (3), (4) and (5) provided for some very extensive obligations in regard to the sharing of and access to information. As the information in question concerned sensitive, military information, those three paragraphs should either be deleted, or, alternatively, it should at least be made clear that access to such information was subject to the national security considerations of the State or international organization concerned. There was an allusion to that requirement in other paragraphs, but it might be wise to add a new, more explicit paragraph on the subject. In the absence of such a provision, the commentary would make the draft principle rather unrealistic and would not find much traction with States and their military forces.

**Mr. Jalloh** said that he was opposed to the deletion of the paragraph and would be grateful to hear Sir Michael Wood’s proposal for an additional clarifying paragraph.

**Mr. Saboia** said that paragraph 2 of the draft principle already contained a safeguard which protected the right of a State or international organization to restrict access to sensitive information. Perhaps the Special Rapporteur could propose a way of ensuring consistency between the subject matter of paragraph (3) and the contents of paragraph 2 of the draft principle.

**Ms. Oral** said that she agreed with Mr. Saboia. National legislation and international instruments, such as the Aarhus Convention, did provide for exceptions to the sharing of or granting access to environmental information with implications for national security or defence. Paragraph 2 of the draft principle should allay Sir Michael Wood’s concern.

**Sir Michael Wood** said that the wording of the draft principle was fine, but the commentaries were unbalanced because they did not mention paragraph 2 for a very long time and then did so in rather unclear terms. One solution might be to insert a paragraph, possibly before paragraph (1) or paragraph (3), to the effect that draft principle 18 consisted of two paragraphs, the second of which made it plain that nothing in the draft principle required the granting of information vital to national defence.

**Ms. Lehto** (Special Rapporteur), supported by **Mr. Rajput**, said that it could indeed be made clear at the beginning of the commentary that draft principle 18 comprised two paragraphs. She drew attention to paragraph (18) which specifically referred to the exceptions and limitations contained in multilateral environmental conventions, such as the Aarhus Convention. It might therefore be advisable to move paragraph (18) to the beginning of the commentary and to add a paragraph (19) commenting specifically on paragraph 2 with language drawn from the Convention on the Law of the Non-navigational Uses of International Watercourses.

**Sir Michael Wood** said the Special Rapporteur's suggestion was very helpful. If paragraph (18) were moved to follow paragraph (2), the beginning of the paragraph would have to be altered slightly.

**Ms. Escobar Hernández** suggested the addition in footnote 135 of a reference to the Escazu Convention on Access to Information, Participation and Access to Justice in order to buttress paragraph 2.

**Mr. Jalloh** said that he was in favour of moving paragraph (18) to the front of the commentary but additional language would be unnecessary, as paragraph (2) read together with paragraph (18) provided sufficient caveats.

*Paragraph (3) was adopted*

*Paragraphs (4) to (20)*

*Paragraphs (4) to (20) were adopted.*

*The commentary to draft principle 17 as a whole, with the relocation of paragraph (18), was adopted.*

*The portion of Chapter IX contained in document [A/CN.4/L.922/Add.1](#) as a whole, as amended, was adopted.*

*Chapter X. Succession of States in respect of State responsibility*

**The Chair** invited the Commission to consider chapter X of the draft report, contained in document [A/CN.4/L.923](#).

#### *A. Introduction*

##### *Paragraph 1*

*Paragraph 1 was adopted.*

##### *Paragraph 2*

**Mr. Jalloh**, referring to the phrase "would be left pending", said he wished to propose that the Secretariat should find a formulation to replace that phrase with language consistent with that used in the context of the topics of peremptory norms of international law (*jus cogens*) and identification of customary international law.

*On that understanding, paragraph 2 was adopted.*

#### *B. Consideration of the topic at the present session*

##### *Paragraphs 3 to 6*

*Paragraphs 3 to 6 were adopted.*

**Mr. Šturma** (Special Rapporteur) proposed the insertion of an additional paragraph after paragraph 6 which would reflect the proposal made by some members of the Commission during the debate in plenary session. That paragraph would read: “At its 3451st meeting, held on 9 August 2018, the Commission decided to request from the Secretariat a memorandum providing information on treaties which might be of relevance to its future work on the present topic.”

**Mr. Nolte** said that, if such a study were to be requested, reference to it should be made in chapter XIII of the Commission’s draft report, which dealt *inter alia* with other decisions of the Commission.

**The Chair** said that it might suffice to include the request to the Secretariat only in chapter XIII. According to the Secretariat, practice in that regard was inconsistent. If the text of the new paragraph proposed by the Special Rapporteur was acceptable to the Commission, it could be adopted on the understanding that its placement within the draft report would be finalized later. He took it that the Commission agreed to that suggestion.

*It was so decided.*

*Paragraph 17*

**Mr. Nolte** said that, in the fourth sentence of paragraph 17, the words “if not *de lege ferenda*” suggested a view of the relationship between progressive development and *lex ferenda* that he did not share. He suggested that “if not” should be changed to “or”.

**Mr. Šturma** (Special Rapporteur) said that he agreed to that suggestion; he held similar views to Mr. Nolte on the underlying issue.

*Paragraph 17, as amended, was adopted.*

**The Chair** said he took it that the Commission agreed to that suggestion.

*It was so decided.*

*Paragraph 25*

*A. General principles of law*

*Paragraph 1*

*Paragraph 1 was adopted.*

*B. Requests by the Commission for the Secretariat to prepare and update studies on topics in the Commission’s agenda.*

*Paragraph 2*

**The Chair** said that the first sentence of paragraph 2 would be completed by the Secretariat after the session.

*On that understanding, paragraph 2 was adopted.*

**The Chair** suggested that the new paragraph proposed earlier in the meeting by Mr. Šturma — the text of which had already been agreed — should be placed immediately after paragraph 2, as it concerned a request to the Secretariat to provide a memorandum under a topic on the Commission’s agenda.

*It was so decided.*

*C. Programme, procedures and working methods of the Commission and its documentation*

**The Chair** said that, in order to streamline the Commission’s work, the Planning Group would not present a separate report on its work during the adoption of the Commission’s report on the work of its seventieth session. Accordingly, it should be borne in mind that any paragraphs in section C of chapter XIII that referred to specific decisions were being considered for adoption for the first time.

*Paragraphs 3 and 4*

*Paragraphs 3 and 4 were adopted.*

*1. Working Group on the long-term programme of work*

*Paragraphs 5 to 7*

*Paragraphs 5 to 7 were adopted.*

4. *Consideration of paragraphs 13 and 14 of resolution 72/116 of 7 December 2017 on the report of the International Law Commission on the work of the sixty-ninth session*

*Paragraph 18*

**Mr. Nolte** said that, in the last sentence, the word “easy” was superfluous. He proposed that, for the sake of clarity, the sentence should end after the words “representatives of Governments”.

**The Chair** suggested instead that the words “representatives of Governments, and particularly representatives of the Sixth Committee” could be altered to “representatives of Governments in the Sixth Committee”.

**Mr. Nolte** said the Commission had also interacted with representatives of Governments not represented in the Sixth Committee.

**The Chair** recalled that there had likewise been interaction with representatives of academia and other sectors.

**Sir Michael Wood**, supported by **Ms. Oral**, said that the reference to the Sixth Committee should be retained, as it was the Commission’s principal sphere of interaction at United Nations Headquarters. He proposed that the end of the last sentence should be reworded to read: “representatives of Governments, and particularly those in the Sixth Committee”.

**Mr. Rajput** said that the words “and others” could be added to encompass representatives of bodies such as non-governmental organizations.

**Mr. Jalloh** said that he supported the retention of the reference to the Sixth Committee and welcomed Mr. Rajput’s proposed addition.

**Mr. Rajput** proposed that the end of the sentence should read “representatives of Governments, especially in the Sixth Committee, and others”.

**The Chair** said that chapter XII of the Commission’s draft report covered interaction with non-governmental representatives in detail. Nonetheless, he took it that the Commission agreed to amend paragraph 18 as last proposed by Mr. Rajput.

*Paragraph 18, as amended, was adopted.*

5. *Honoraria*

*Paragraph 19*

*Paragraph 19 was adopted.*

6. *Documentation and publications*

*Paragraph 20*

**Mr. Rajput** suggested that, in the first sentence, the words “underscored once more” should be changed to “reiterated”.

**Mr. Nolte** pointed out that the verb “reiterated” already appeared in the second sentence.

**Sir Michael Wood**, supported by **Mr. Ruda Santolaria**, said that he preferred to retain the word “underscored”, which conveyed a greater sense of emphasis. The paragraph covered an issue of great importance for the Commission’s future work.

*Paragraph 20 was adopted.*

*Paragraphs 21 to 26*

*Paragraphs 21 to 26 were adopted.*

7. *Yearbook of the International Law Commission*

9. *Websites*

*Paragraph 30*

*Paragraph 30 was adopted.*

10. *United Nations Audiovisual Library of International Law*

*Paragraph 31*

*Paragraph 31 was adopted.*

D. *Date and place of the seventy-first session of the Commission*

*Paragraph 32*

**The Chair**, pointing out that an 11-week session had been proposed for 2019, said that, in line with his earlier explanation, by adopting paragraph 32 the Commission would be deciding to accept that proposal.

**Mr. Nolte** said that it was his understanding the idea had been raised of including a reference to the Commission's seeking to shorten the 2019 session if possible. He wondered whether that idea would be reflected in some form.

**The Chair** said that it had been agreed that he would include such a reference in his written reply to the United Nations Legal Counsel but that no mention of it would be made in the Commission's report to the General Assembly.

*On that understanding, paragraph 32 was adopted.*

E. *Cooperation with other bodies*

*Paragraphs 33 and 34*

*Paragraphs 33 and 34 were adopted.*

**The Chair** drew attention to a new paragraph proposed by the Secretariat for inclusion between existing paragraphs 34 and 35 which read:

"In accordance with article 26, paragraph 1, of its Statute, the Commission recommended that a meeting be held during the second part of its seventy-first session with the African Union Commission on International Law (AUCIL) as part of the activities to commemorate the tenth anniversary of AUCIL. The Commission requests the Secretariat, in consultation with the Chair of the Commission and members of the Enlarged Bureau, to commence making arrangements for the holding of such a meeting."

He suggested that reference should also be made to the fact that such a meeting was being contemplated at the formal request of AUCIL. The text reflected the Enlarged Bureau's recommendation to respond positively to that request.

**Mr. Nolte** suggested that the word "initiative" should be used rather than "request".

**Sir Michael Wood** asked whether any further details were available regarding the arrangements envisaged.

**The Chair** replied that there had not yet been time to consider in depth the detailed request made by AUCIL. Care should be taken to avoid prejudging the outcome of discussions between the Secretariat and AUCIL.

**Sir Michael Wood** suggested that the meeting could take the form of a visit to the Commission, similar to those that had taken place during the present session involving representatives of the Inter-American Juridical Committee and the Committee of Legal Advisers on Public International Law of the Council of Europe, but with all members of AUCIL present. Such a meeting could serve as a joint meeting of AUCIL and the Commission.

**The Chair**, while acknowledging that possibility, said that the concept of a joint meeting could have implications that would reach further than envisaged. The text proposed by the Secretariat was prudent and left room for negotiation.

**Mr. Nolte** suggested that the words "to commence" should be changed to "to explore", which would leave the outcome open.

**Mr. Rajput** asked whether the proposed text could be circulated in writing to facilitate the Commission's discussion. The request and how to respond to it raised many questions.

**The Chair** suggested that, although the Enlarged Bureau had recommended a positive response to the AUCIL request, the text for inclusion in the report need only refer to the matter in generally positive terms; details could be finalized later.

**Mr. Jalloh** said that he supported that suggestion.

**Mr. Ouazzani Chahdi** said that it was important to set a clear agenda for the meeting in advance.

**The Chair** further suggested that, as with the commemorative events for the Commission's seventieth anniversary, a small group, including the members of the Commission from States of the African Group, could be constituted to discuss the request from AUCIL in detail. Such a group could work during the inter-sessional period. His suggestion could be discussed at the Commission's next meeting; in the meantime, he took it that the Commission agreed to request the Secretariat to circulate the text of the proposed paragraph, translated into all official languages and incorporating the amendments already suggested, for discussion the following day.

*It was so decided.*

*The meeting rose at 6.05 p.m.*
